THE REVERIE SAIGON, VIETNAM

Vietnam's buzzworthy luxury hotel signals a new era of bold expression and urban design in a country primed for progress. Unveiled to intense acclaim, The Reverie Saigon overtakes a coveted 39-floor Times Square tower in the economic powerhouse of Ho Chi Minh City's D-1 and secures its slot as a member of The Leading Hotels of the World. With one foot in Asia and the other in Europe, The Reverie radiates an extravagance rarely found outside of Venice, with an excess of marble facades, velvet fabrics and ornate handcrafted furniture from Italy's finest design houses spread through its opulent 62 suites and 224 rooms.
