

# A REVERIE COME TRUE

The only Vietnamese property to be listed in The Leading Hotels of the World, The Reverie Saigon is a step into a Vietnam of times to come.

**V**ietnam has long been defined by the stories of its past; a nation that has drawn travellers who seek nostalgia or remnants of a world from bygone times. But in reality, Vietnam is rapidly evolving, led by the emergence of Ho Chi Minh City (HCMC) as one of Asia's leading metropolitan centres. Formerly known as Saigon, the city has transformed into a frontier for progress and development, perhaps best symbolized by its rising skyline. Scaling new heights as part of the iconic Times Square Building, The Reverie Saigon is the city's hospitality answer to honouring the past and embracing the new.

## Modern Opulence

Located in the centre of District 1, the financial and commercial hub of HCMC, The Reverie Saigon commands the upper and lower floors of the towering Times Square Building. Offering 286 rooms across 12 categories, the hotel's palatial rooms and suites feature the works of leading Italian design houses such as Colombostile, Giorgetti, Visionnaire, Poltrona Frau and Cassina, just to name a few. The distinctly European aesthetics showcase themes that span from classic irrevocable romance to whimsical fantasy. The Deluxe Rooms offer high-rise, ceiling-to-floor views of the city lights with the breathtaking Saigon River and Mekong Delta on the horizon; while the suites boast crystalline chandeliers and walk through wardrobes that evoke a sense of distinguished luxury unparalleled in the city.
